### High priority – to be swabbed:

- all contacts of current community cases
- all HIS - symptomatic and asymptomatic
- all symptomatic non-HIS

### Criteria for asymptomatic testing:

- Asymptomatic people with higher index of suspicion (HIS) criteria
- Asymptomatic surveillance testing of staff at managed isolation facilities (MIFs) and airport – use appropriate SURV code
- Asymptomatic contacts of current community cases. Use appropriate SURV code
- Asymptomatic people presenting for surveillance testing as part of a surveillance programme under the direction of the Medical Officer of Health. Use appropriate SURV code

Low Priority: Other asymptomatic people (non-HIS) may be tested but are lowest priority for testing: Use appropriate SURV code
