

Invitation to Special General Practice Event

The Chief Executives of six PHOs in Auckland warmly invite GP teams to join them and General Practice New Zealand visitors for dinner and discussion on:

Date: Thursday 27th August 2020 from 7pm

Venue: Sorrento, One Tree Hill

Each PHO is a member of GPNZ who provide national support and advocacy on behalf of general practice. GPNZ promotes primary care and general practice as the hub of our health system, and advocates for a better funding system to enable this.

During COVID-19, GPNZ provided significant support to the primary care response, ensuring that general practice experiences and concerns were fed straight through to the central decisionmakers, as well as assisting PHOs to provide well-informed and coordinated advice and support to their practices networks.

Our GPNZ visitors (Chair Dr Jeff Lowe, CE Liz Stockley) are keen to hear about your ideas, concerns and to listen to your feedback so they can make sure their advocacy, on behalf of general practice, is based on the experience and wishes of general practice.

We plan to discuss and answer questions about the implications of the Health and Disability System review and the future shape of general practice including funding and resourcing. In your RSVP, please include questions or topics you would like addressed.

RSVP to priscilla@aucklandpho.co.nz

By Monday, 24th August 2020

Further questions I/we would like addressed: Please email to the sender
