

## To Inspire Learning, Grow Potential and Strengthen Health in our Communities

### Nursing in Primary Health Care across Waitematā and Auckland DHB's

#### EXPRESSION OF INTEREST FORM: Seeking providers for Undergraduate Nursing Placements

Strengthening the nursing workforce across Waitematā and Auckland District Health Board's is a key priority for the Primary Health Care Nursing Development Team. The team is seeking **Expressions of Interest from Primary Health Care providers** to offer short placements to undergraduate nurses across the region. These can vary from **3 - 5 weeks for PHC experience and/or -10 weeks for pre-registration placements**. Nurses in the pre-registration placements will have signaled a keen interest in primary health care to work with patients, whānau and community, in their journey towards becoming a qualified health professional.

You will need:

- A supportive Registered nurse able to mentor and/or attend our no cost preceptor programme (1 day with some online work)
- A welcoming and supportive team culture interested in supporting the future workforce
- A willingness to share your expertise and share your work with an inquiring mind.

You will receive:

- Follow up from University leads to organize placement of a nurse with your Organisation
- Insight into nurses who could return to your site as a new graduate nurse (a try before you buy approach).
- A small daily honorarium for your investment in the future workforce.
- Access to other learning and development (online and face to face) for your nursing team throughout the year
- Opportunity to stretch and challenge yours and their critical thinking!

**We welcome providers to submit interest in taking a nurse for a short placement in 2021. We work collaboratively with our University partners who will contact you to place a nurse. Please return to Rachael Evans on [rachael.evans@waitematadhb.govt.nz](mailto:rachael.evans@waitematadhb.govt.nz) by Wednesday 10 February 2021.**
