

1. Health Professional Advisory for Primary Health Care: Evolving COVID-19 contact identification and management approach

NRHCC Primary Care, working with ARPHS and MoH, have provided advice on the evolving contact identification and management approach for COVID-19, to assist primary care with their COVID-19 risk and patient management.

See [Health Professional Advisory for Primary Health Care: Evolving COVID-19 contact identification and management approach](#) on [COVID-19 Information](#) under Local Guidance > Contact Identification and Management.

2. Ministry of Health Update: Covid-19 Vaccine and Immunisation Programme

Please find attached the following document from the MoH: Covid-19 Vaccine and Immunisation Programme Update. Further updates for the Northern Region will follow.

Thank you for your ongoing support in keeping our communities safe.

3. Reminder about clinical advice line

GPs are being reminded of a telephone service, set up last year. The clinical advice line, established in 2020 during the COVID-19 pandemic, to answer COVID-19 related medical professional's queries, can be reached on 0800 177 622, and is open Monday to Saturday between 8am and 7pm.
