## COVID-19 Update: Vaccination of frontline healthcare workers

---

We are pleased to advise that the programme to vaccinate health care workers across the region against COVID-19 is now underway.

Please find attached a COVID-19 vaccination rollout update from the (NRHCC) Northern Region Health Coordination Centre covering the Government's rollout plan for frontline healthcare workers, detailing who will be invited and how the invitation process will work.

## COVID-19 Vaccine Information Page on Auckland Regional Healthpathways

---

[COVID-19 Vaccination Information](#) Healthpathway contains up to date information and resources (e.g IMMAC) on the Covid-19 vaccination. This pathway also contains the specific site for the Northern Region information page; <https://immunisation.northernregion.nz/>

## Vaccine Sequencing Framework

---

The NRHCC which includes 7 PHOs and 3 DHBs have been working with the MoH to formalise a framework that incorporates the priority and sequencing for the delivery of multiple immunisation programmes including COVID-19 to ensure New Zealanders get the best possible protection from vaccine preventable diseases. Over the coming days we hope to provide you with confirmation of the sequencing framework along with the vaccine delivery schedule.
