

### 0 – 4 INFLUENZA IMMUNISATION

This morning practices were emailed their monthly progress report – it's great to see most practices have been able to immunise some of the eligible children.

The password to get your report from Priscilla's email is NIR.

Please let us know if you would like assistance with recalls (Health Coach calling whanau/families to discuss) by emailing [Priscilla@aucklandpho.co.nz](mailto:Priscilla@aucklandpho.co.nz)

### GPNZ PANUI

GPNZ is the National Organisation Auckland PHO and most other PHOs belong to. Their role is to advocate and support PHOs and Practices at a political level to ensure Primary Care is on the top of any agenda with the MoH, DHBs and the Govt. This includes the Primary Care funding model and contracts.

Their latest fortnightly newsletter can be found here: [GPNZ Panui 17 June 2021](#)

### AUCKLAND REGIONAL HEALTHPATHWAYS:

#### NEW AND UPDATED PATHWAYS

MEDINZ 10/06/2021 9:28 AM

#### [Foot Screening and Management in Diabetes](#)

A full review with input from the region's podiatrists, vascular surgeons and diabetologists. All patients with acutely infected feet should be referred to vascular surgery - this is a change from previous processes.

See the [Acute Vascular Surgery Assessment](#) pathway for the process in your DHB. Note that POAC does not fund intravenous antibiotics for foot infections (including cellulitis) in patients with diabetes unless endorsed by a relevant specialist.

#### [Haematuria in Children](#) and [Proteinuria in Children](#)

Two pathways that deal with relatively common findings in children, that often give rise to uncertainty regarding investigation and management. The pathways describe when there is cause for concern and lead clinicians through the various combinations of presentations. The pathways also include detailed information on determining whether blood pressure readings in children are high.

### TELEHEALTH WEBINAR: TELEHEALTH PROVIDERS

This month's webinar will showcase New Zealand telehealth public providers and features a great line-up of panellists from Emergency Consult, Well Revolution, Tend and CareHQ.

Date: Thursday, 24 June 2021

Time: 7 - 8pm

For further information and registration, please click this link below [https://mobilehealth.zoom.us/webinar/register/WN\\_gBpyqFY0QkGbwhLQfEagig](https://mobilehealth.zoom.us/webinar/register/WN_gBpyqFY0QkGbwhLQfEagig)

### FEDERATION OF PRIMARY HEALTH IN-PERSON AND ZOOM MEETING FOR LOCALITY NETWORKS

Save the date: **Tuesday 29th June 1 – 4 pm, Wellington**

The Federation has embraced the concept of "locality networks" because they have the capacity to provide better and more equitable health services for New Zealanders. Local leadership, generating local solutions for local issues.

At this session, the Federation will have short presentations from some who are delivering primary health care through a locality network and others who are formulating ideas and concepts. The Federation will facilitate discussion to assist the sector to think broadly about how providers and communities can work together to shape approaches to meet their community's needs.

Participation is welcomed from every part of the primary health sector. This will include those who want to find out more about the potential of Locality Networks along with those who have concepts and ideas to present. If you would like to contribute to the agenda please contact Jennifer Pelvin ([jennifer@butlerpelvin.com](mailto:jennifer@butlerpelvin.com))

To register your interest in attending please follow this [LINK](#)
